**Job Code:           Non-Exempt**  
**Reports To:        Animal Admissions Supervisor**  
**Job Status:         Part-time**  
**Revision Date:     September 4, 2018**

Essential Duties

Working under the direction of the Animal Admissions Manager or their designee, the Receiving Technician functions as part of the Admissions team – working independently and collaboratively to provide clean, safe intake exams and vaccination of animals coming into the shelter.

Tasks and Responsibilities

- Provides basic intake of animals coming into the shelter including physical exam, subcutaneous vaccinations, venipunctures for blood tests, deworming, parasite diagnosis and treatment, basic ear/wound cleaning and evaluate overall health/physical condition.
- Evaluates medical conditions
- Safely handles and restrains animals using low stress handling techniques and personal protective equipment.
- Minimizes disease transmission by maintaining high standards of cleanliness of all animals, equipment and cages.
- Cleans and cares for animals in the Receiving room.
- Cleans Receiving Clinic room and equipment.
- Enters previous medical records, intake information and pictures into shelter software
- Works collaboratively with Health and Behavior Coordinators to move animals out of Receiving when intake is done and space is available.
- Notifies the Community Engagement Director, Animal Care Director or Health and Behavior Coordinators of high priority medical conditions that may need to be sent to a veterinarian for further evaluation or treatment.
- Assists with restocking Receiving Clinic supplies.

Qualifications

- Ability to multi-task in a fast-paced environment
- Candidates must be able to work both independently and collaboratively
- Strong attention to detail and client service skills
- Strong oral and written communication skills
- Ability to operate animal care vehicles including vans
- Availability to work daytime, evenings, weekends, and holidays
- Formal animal care experience a plus
- Candidates must be committed to treating animals with kindness and respect
- Report all damage and needed repairs for equipment or facility to the AAM or their designee.
- Transport animals to various locations as needed following standard state laws.
- Deal with conflicts, questions, and problems in a professional manner and with consideration for the good of the organization.
- Follow the HSWC Standards of Professional Conduct.
- Organized and efficient with large amounts of medical information.
- Perform humane euthanasia and prepare bodies for rabies testing as directed (when trained)
- Filling in for other areas and performing other tasks/functions as directed by the AAM or their designee.
- Follow all procedures established to maintain a safe work environment including using Personnel Protective Equipment (PPE), safe animal and chemical handling, and reporting all near misses and accidents.
- Must be at least 18 years of age, have a high school diploma or GED and a valid driving license with clean record.
- Ability to learn animal first aid and CPR, perform euthanasia, basic laboratory techniques and basic animal grooming techniques.
- Ability to identify signs of animal illnesses, diseases and injuries, animal species, breeds, ages, and gender.

- Basic math skills to calculate medication dosage for animals.
- Ability to learn humane animal capture and humane restraint methods and the ability to interpret animal body language.
- Good interpersonal and communication skills.
- Basic computer skills.
- Ability to follow direction and/or instruction as given either orally or written.
- Must have insurable valid driver's license.
- Ability to be vaccinated with pre-exposure rabies.
